Ira A. Fulton Schools of Engineering
Arizona State University

AI & MACHINE LEARNING PROFESSIONAL

Certified AI & Machine Learning Professionals successfully completed nine credit hours of graduate level coursework and have demonstrated their ability to apply common learning paradigms and how to implement foundational algorithms in statistical machine learning. Successfully applied and developed principles, process, and core concepts involved in designing autonomous agents. Determine the foundations of knowledge representation and reasoning and how to design, train and optimize deep neural networks.

Student has successfully completed three of the four courses to complete the certification requirements

- Statistical Machine Learning
- Artificial Intelligence
- Knowledge Representation and Reasoning
- Intro to Deep Learning in Visual Computing

This certificate is being presented to

Kevin Fajardo Casas

For successfully completing all requirements and criteria for

AI & MACHINE LEARNING PROFESSIONAL CERTIFICATION

awarded by the Ira A. Fulton Schools of Engineering at Arizona State University

Dr. Kyle Squires
Professor and Dean
Ira A. Fulton Schools of Engineering

Fall 2025 | Tempe, Arizona
